EXPERIENCE

UI/UX Design Intern

ThisUX

- Designed user-centered webpage interfaces with a focus on usability, accessibility, and visual design principles.
- Created wireframes and enhanced digital user experiences using modern UI/UX methodologies.

5G Technology Intern

Vanmegam Networks

- Gained practical knowledge of 5G network architecture, communication protocols, and mobile network fundamentals.
- Understood emerging wireless technologies and next-generation communication systems.

Web Development Intern

Pantech Profabs India Pvt Ltd

- Developed responsive web applications using HTML, CSS, JavaScript, and React.js concepts.
- Improved understanding of frontend development, user interfaces, and modern web technologies.

HR Intern

Rane Madras Limited

- Assisted in HR operations, employee management processes, and organizational workflow.
- Gained exposure to recruitment procedures, employee documentation, and workplace coordination.
- Strengthened professional communication, teamwork, and interpersonal skills in a corporate environment.

PROJECTS

Intelligent Workforce Deskilling Prediction and Adaptive Training Optimization System

- Developed an intelligent system to analyze workforce skill gaps and predict potential deskilling risks.
- Designed adaptive training recommendation techniques to provide personalized learning paths.
- Applied data analysis, optimization concepts, and technology-driven approaches for workforce development.
- Improved decision-making through continuous learning and skill enhancement strategies.

Subscriber Profile Management using Open5GS and MongoDB

- Developed a web-based subscriber management system for telecom networks using Open5GS and MongoDB.
- Managed secure storage of subscriber information including IMSI and authentication details.
- Implemented subscriber profile creation, modification, and retrieval functionalities for efficient network management.

Hostel Outing Permission Management UI/UX Design

- Designed a responsive web interface with QR-based verification to replace traditional manual outpass systems.
- Enhanced usability, navigation, and overall student experience through intuitive interface design.

EDUCATION

Prince Shri Venkateshwara Padmavathy Engineering College

2022 – 2026

Bachelor of Engineering in Computer Science Engineering

CGPA: 8.10

SKILLS

Programming Languages: Python, SQL, Java

Frontend Technologies: HTML, CSS, React.js

Backend Technologies: Node.js

Databases: MySQL, MongoDB

Tools: Git, GitHub, Figma, VS Code

Data Visualization: Power BI (Basic), Tableau (Basic)

CERTIFICATIONS

- NPTEL Certification – Design Thinking And Introduction To Research
- UI/UX Webpage Designing Certification – ThisUX
- 5G Technology and Network Fundamentals Certification – Vanmegam Networks
- AR/VR and Game Development Certification – Game Interactions
